

INVITATION FOR BIDS

**For 9,000 to 12,000 GPM Diesel Powered Self-Priming Raw Water
Pump**

For

El Paso County Water Improvement District No. 1

A handwritten signature in cursive script, appearing to read "Allie Blair".

Bid Document Version 25JAN10

NOTICE TO BIDDERS

El Paso County Water Improvement District No. 1 (“the District”) is requesting sealed bids from qualified firms interested in supplying a 12,000 gpm Diesel Powered Water Pump, El Paso, Texas, between the hours of 8 am and 5 pm during normal business days. Alternatively, the solicitation package may be downloaded after 10 am January 25, 2010 using the internet at <http://www.epcwid1.org>

The bids shall conform to the requirements of Subchapter I of Chapter 49 of the Texas Water Code. District reserves right to reject any or all Bids or to waive any informalities and irregularities

Sealed bids must be received by the District at the District offices at 13247 Alameda Ave Clint, TX 79836 no later than 12:00 noon pm on February 16, 2010. Bids shall be opened on the same day at 12:15 pm. The engineer and district contact for this bid is Al Blair and he can be reached at awblair@axiomblair.com

INSTRUCTIONS TO BIDDERS

1 Preparation of Bid

Each Bidder shall prepare a Bid in ink on forms furnished by the District. Blank spaces for each item in Bid shall be filled. Bidder shall submit a price for each item in the Bid. The Bid shall be executed with the complete and correct name of individual, partnership, firm, corporation or other legal entity. Bid prices shall not include sales tax on materials, supplies, or equipment used or consumed in performance of Purchase Order. The person signing the Bid shall initial any corrections to the Bid. Bids tendered after the due date and time designated in Notice to Bidders will not be accepted. Persons desiring further information or interpretation of Purchase Order Documents shall make a request for such information in writing to the District's Representative no later than seven working days before Bid opening. District will not be responsible for any other interpretations of Purchase Order Documents.

2 Source of Funds

The Purchaser intends to use District funds to pay for purchase.

3 Eligibility and qualifications

3.1 Subject to paragraph 2 above, this invitation for bids is open to contractors from any country unless specified otherwise in the bidding data.

3.2 No affiliate of a purchasing entity shall be eligible to bid or participate in a bid in any capacity whatsoever, unless it can be demonstrated that there is not a significant degree of common ownership, influence or control amongst the purchasing entity and the affiliate.

3.3 Where a firm, its affiliates or parent company, in addition to consulting also has the capability to manufacture or supply goods or to construct works, that firm, its affiliates or parent company normally cannot be a supplier of goods or works on a project for which it provides consulting services, unless it can be demonstrated that there is not a significant degree of common ownership, influence or control.

3.4 A bidder may submit or participate in any capacity whatsoever in only one bid for each contract. Submission or participation by a bidder in more than one bid for a contract (other than alternatives which have been permitted or requested) will result in the disqualification of all bids for that contract in which the party is involved. However, this does not limit the inclusion of the same subcontractor in more than one bid.

3.5 In the event that pre-qualification of potential bidders has been undertaken, only bids from pre-qualified bidders will be considered for award of the contract. A pre-qualified bidder should submit with its bid any information updating its original prequalification application or, alternatively, confirm in its bid that the original prequalification information submitted, remains essentially correct as of the date of bid submission.

3.6 If the Purchaser has not undertaken prequalification of potential bidders, to qualify for award of the contract, the bidder shall meet the qualifying criteria specified in the bidding data.

4 Cost of bidding

The bidder shall bear all costs associated with the preparation and submission of its bid, and the Purchaser will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

5 District Representatives – Receiving Agent and Project Engineer

Bidder shall address all bid and technical questions in writing to Project Engineer at:

Al Blair, P.E.
PO 4615
Austin, Texas 78765
Phone: 512-394-1011
Cell: 512-415-1421
Fax: 512-394-1016
Email: awblair@texas.net

District Receiving Agent is:

Pete Rodriguez
13247 Alameda Ave
Clint, TX 79836-0749
(915) 872-4000

6 Consideration of Bid Amount

For the purpose of award, after Bids are opened and read aloud, total amount Bid, including accepted Bid alternatives, will be considered the amount of Bid. District reserves right to reject any or all Bids or to waive any informalities and irregularities.

7 Submission of Bid.

Each Bid, completed and signed by person(s) authorized to bind individual, partnership, firm, or corporation or any other legal entity, the following information shall be sealed in a 12x15 ½ envelope.

- One copy of Bid Form completed and signed.
- Acknowledgement of receipt of Addenda issued, if any.
- Any other required information indicated in Purchase Order Documents.

Bid shall include all specified items in this section and be placed in the envelope, sealed and clearly identified on outside as a Bid to District, with project name, and name and address of Bidder. Failure to submit Bid in a sealed envelope may subject Bidder to disqualification. Bids will not be considered unless received by the District on or before the date and time designated in the Notice to Bidders.

8 Language of Bid

The bid and all documents and correspondence relating to the bid exchanged by the bidder and the Purchaser shall be written in English. Supporting documents and printed literature furnished by the bidder may be in another language provided they are accompanied by an accurate

translation of its pertinent passages in the language of the bid, in which case, for purposes of interpretation of the bid, the translation shall govern.

9 Currencies of Bid

The prices shall be quoted by the bidder entirely in U.S. dollars.

10 Good Faith Deposit

In accordance with Section 49.271 of the Texas Water Code, the District requires all Bidders to submit a certified or cashier's check on a responsible bank in the State of Texas equal to at least two percent of the total amount of the bid, or a bid bond of at least two percent of the total amount of the bid issued by a surety legally authorized to do business in this State of Texas, as a good faith deposit to ensure execution of the purchase order. If the successful bidder fails or refuses to enter into a purchase order with the district, or fails or refuses to furnish the payment and performance bonds required by law, the bidder forfeits the deposit.

11 Withdrawal of Bid

A Bid may be withdrawn by a Bidder, provided an authorized individual of the Bidder submits a written request to the District to withdraw the Bid before the time set for opening the Bids.

12 Rejection of Bids

The following may be cause to reject a Bid:

- Bids containing omissions, alterations of form, qualifications or conditions not called for by District. Incomplete Bids may be considered in noncompliance and may be rejected. In any case of ambiguity or lack of clarity in the Bid, District reserves right to determine the most advantageous Bid or to reject the Bid.
- Unreasonable or unbalanced unit Bid prices.
- More than one Bid for same Work from an individual, firm, partnership or corporation.
- Collusion among Bidders.
- Poor performance in execution of work under previous Purchase Order.
- Default on previous Purchase Orders or failure to execute Purchase Order after award.
- Evidence of failure to pay Subcontractors, Suppliers or employees.
- Bidder has not adequately demonstrated to District that Bidder has experience, knowledge and readily available equipment necessary to meet requirements of Purchase Order Documents.
- District reserves right to reject any or all Bids or to waive any informalities and irregularities.
- Good Faith Bid Deposit in the amount of 2% of the total Bid Price

13 Submission of Post Bid Information

The Bidder that submits the Bid that is most advantageous to the District shall submit such information as is required by District to evaluate Bid or Bidder to the District within sixty (60) calendar days after apparent most advantageous Bidder has been named. If the most advantageous Bidder does not submit such information or if the information submitted by the Bidder does not sufficiently meet the District request, or if the Bidder fails to meet any conditions of the Bid, the District reserves the right to disqualify the apparent most advantageous Bidder, and either re-Bid the project or pursue awarding of the Bid to the Bidder with the Bid the next most advantageous to the District.

14 Award and Execution of Purchase Order

District will process Bids expeditiously. Award of Purchase Order will occur within 90 days after the opening of Bid, unless otherwise mutually agreed between the parties. The District will process the Purchase Order expeditiously. However, the District will not be liable for any delays prior to the award or execution of Purchase Order. The District reserves the right to cancel the Bid and not award any Purchase Order and to award the bid within the range of quantities and Bid Alternatives defined in the Bid Quantities and Alternatives section below.

15 Subchapter I of Chapter 49 of the Texas Water Code

Subchapter I of Chapter 49 of the Texas Water Code is attached and made a part of this document. All Bids shall be submitted in accordance with the requirements and provisions of Subchapter I.

16 Purchase Order Documents

The Purchase Order Documents consist of and include as a part of the Purchase Order the following documents:

1. Notice to Bidders
2. Instructions to Bidders
3. Bid Form
4. Purchase Order Specifications
5. Purchase Order Terms and Conditions
6. Purchase Order Form (provided at time the bid is awarded)
7. Non-Bribery and Anti-Collusions Letter

17 Bidder and Seller

The entity preparing and submitting the sealed Bid to the District (the “Bidder”) and the entity agreeing to sell the District the equipment, supplies, and/or material specified in the Purchase Order (the “Seller”) shall be the same and identical entity.

18 Opening of Bids

The Bids shall be opened at the location, date, and time indicated in the Notice to Bidders.

19 Bid Quantities

The District reserves the right to order one or more of items specified on the Bid Form at the same cost per unit as specified by the Seller on the Bid Form.

20 Bid Alternatives

The District reserves the right to award one or more of the Bid Alternative. The Bidder should consider each bid alternative separately. The Bidder may bid all of the bid alternatives or one of the alternatives, or any number of the alternatives. Each Bid Alternative will be considered a separate bid by the District for consideration and evaluation. Bidder should submit independent bid prices for all Bid Items (Bid Alternatives). District may award bid to all or part of each Bid Item as determined by the District to be most advantageous to the District.

Bid Form

Seller must complete all blank portions of the form shown below.

| Bid Alternative | Bid Item | Quantity | Unit Price | Total Price |
|------------------------|--|-----------------|-------------------|--------------------|
| 1 | 10,000 GPM @40FT TDH Pump | 1 (ea) | | |
| 2 | 8,000 GPM @40FT TDH Pump | 1 (ea) | | |
| 3 | 12,000 GPM @40FT TDH Pump | 1 (ea) | | |

El Paso County Water Improvement District No. 1
Purchase Order Specifications
for
Self Priming Diesel Powered Pump

General Requirements

The unit shall consist of a self-contained skid mount combination of water pump, suction pump, transmission, and diesel power supply.

Design Flow Rate

The design flow rate is 10,000 gpm, with bid alternatives at lower and higher flow rates. The pump shall be capable of producing the design flow rate at the Total Discharge Head (see below).

Suction Head

The center line of the pump inlet will be located at an elevation of approximately 60 feet above mean sea level and shall need to lift by suction water from an open body of water with a surface elevation of 40 feet.

Total Discharge Head

The maximum total discharge head (including suction lift, head loss to friction in the suction line) shall be 40 feet. The minimum discharge pressure (in feet of water) measured at the outlet of the pump shall be 15 feet.

Water/Suction Pump Combination

The proposed pump shall be from Cornell Pump's Redi-Prime 16NHG series for design flow rates equal to or less than 10,000 gpm, and 18NHG series for greater design flow rates. The water pump shall have an efficiency of no less than 70% when operating at the design flow rate. The suction pump shall be integral to the water pump and shall be capable of aspirating water, when combined with the water pump, from 20 feet below the centerline of the inlet of the pump at a rate of 50 CFM (cubic feet per minute).

Power Transmission

The power transmission shall be a hydrostatic transmission providing with a minimum efficiency of 95% at 200 HP and a reduction in rotation speed from the Diesel Engine at 2,200 RPM to the pump shaft at the RPM required by the pump to meet the design discharge, suction head, and total dynamic head. The power transmission shall be fully integrated with the pump and the engine.

Diesel Power Supply

The diesel power supply shall be a John Deere 6068H or equivalent meeting the following specifications:

General Specifications

The engine shall be a 4 stroke, 6 cylinder diesel engine with between 175 and 225 HP at 1800 RPM continuous rating. The HP ratings shall be based on SAE and ISO 3045 standards. The electrical system shall have no less than a 45-amp alternator and one heavy-duty steel battery box and cables for a 12-volt battery. The engine shall have automatic belt tensioning. Engine shall utilize replaceable cartridge type filters for fuel, air, and oil. The air filter housing may be mounted outside the enclosure. Fuel filtering shall include water separation as well as filtration. Engine oil and fuel filters shall be no larger than 20-micron capacity. Engine shall be water-cooled. Engine shall have on board fuel engine with required connections. Fuel injection engine shall have 12-volt electrical fuel cut off that can be connected to systems safeties. Engine shall include 12-volt starter, water engine, fan, 12-volt alternator, drive belt, and tensioner pulley assembly. Engine shall be complete and ready for operation with connection to a fuel source and 12 volt battery. Engine shall be supplied with a Murphy (or similar type unit) to detect low or high levels of oil in the engine and connected to the control panel to shut off the engine in a high or low oil level condition. This device shall have a sight glass. Engine shall be CCW rotation looking at the flywheel from the back of the engine.

Cooling

Cooling of the engine shall be with water utilizing a heavy-duty high ambient radiator, fan, shroud, and guard assembly. Engine oil cooler shall also be supplied. A Murphy (or similar type unit) to detect high or low water level conditions in the cooling system shall be install and connected to the control panel to shut the engine off should water level become to low or high. Unit shall be supplied with a 50%/50% mix of approved antifreeze/coolant and water.

Engine Enclosure and Trailer

The unit shall be supplied with an enclosure with side doors and ventilation holes. The enclosure shall be no less than 14 gauge sheet metal and shall be prepped, primed and painted. The unit shall be mounted on a highway ready trailer rated for the weight of the pump and engine. The hitch connector shall be of a pendle type. The unit shall also be supplied with a lifting bar connected to the mounting rails to allow the unit to be hoisted from above. A lifting eye will be provided on the lifting bar. The exhaust from the engine shall be routed through the enclosure through an exhaust pipe with a rain cap. Access to all necessary service points (oil filler, filters, level checks, etc.) shall be made in the enclosure with service doors and panels.

Instrument Panel

The instrument panel shall be mounted on the enclosure with vibration isolators. The instrument panel shall be weatherproof. The instrument panel shall have an oil pressure gauge with cut off for low oil pressure, coolant temperature gauge with cut off for high temperature, key switch for starting and stopping engine, tachometer with totalizing hour meter, and safety reset button. The vernier throttle control shall be mounted on the instrument panel. Fuses for circuits needing protection shall also be mounted at the panel.

The key system shall be master keyed with one key fitting all units. The key shall be removable from the switch from the off or on position. Two keys shall be supplied with each unit.

All safeties shall be interconnected to shut the engine off in unsafe operation conditions. All safeties shall be adjustable. The safeties switches shall include water level, oil level, water temperature, and oil pressure. The reset button shall be held down during starting until the oil pressure builds beyond set point.

Other requirements

All wiring and hoses shall be supported and shielded. Guards shall be provided over all major components such as hoses, PTO belts, and pulleys.

Service Warranty

In addition to Section 4 of the Terms and Conditions of Purchase Orders attached hereto, the Seller shall for period no less than 24 months or 2,000 hours of engine runtime (Service Warranty Period), whichever occurs first, make any repairs or replacements reasonably necessary to the goods furnished under the Purchase Order by Seller within 5 working days after notice to Seller from Purchaser of a needed repair or replacement, at the expense of Seller and without regard to whether such needed repair or replacement is a result of any defect in the goods, provided however that damages to the goods resulting from misuse or vandalism of such goods are not subject to this service warranty. The Service Warranty does not include air, fuel, and oil filters; batteries, fan belts; glass breakage; linkage pins; fluids used for normal service; and fuel. All other items not listed are considered warranty items during the Service Warranty period.

Packaging

All components of the pump system, including but not limited to the water pump, suction pump, transmission, and Diesel engine, shall be contained in on a single skid mounted platform with sufficient structural capacity and lift points to allow the platform to be lifted by an overhead crane without any damage to the platform or pump system components.

Warranty

In addition to Section 4 of the Terms and Conditions of Purchase Orders attached hereto, the Seller shall, for period no less than 2 years from the date of installation or 3 years from the date of delivery, whichever occurs first, make any repairs or replacements reasonably necessary to the goods furnished under the Purchase Order and manufactured by Seller within 10 working days after notice to Seller from Purchaser of a needed repair or replacement, at the expense of Seller and without regard to whether such needed repair or replacement is a result of any defect in the goods, provided however that damages to the goods resulting from misuse or vandalism of such goods are not subject to this service warranty.

Delivery and Training

Delivery of the pump shall be to the District's office in Clint, Texas in El Paso County, Texas. All deliveries shall be coordinated with the District Representative at least 5 calendar days in advance and no more than 7 calendar days so that the District may have equipment available to unload trucks. A bill of materials shall be shipped with each delivery and sent to both the District's Representative and Project Engineer at least 72 hours prior to shipment arriving at delivery point (notice by e-mail or facsimile is acceptable). Seller shall provide on-site training for operation and maintenance of the pump and engine within 2 weeks after delivery. Seller shall provide complete operation and maintenance manuals for both pump and engine.

Terms and Conditions of Purchase Orders
El Paso County Water Improvement District No. 1
(herein after known as “Purchaser”)

Agreement for Sale and Purchase

These terms and conditions are attached to, and made a part of, the Purchase Order from Purchaser to Seller, and the Seller and Purchaser agree to all terms and conditions of Purchase Order which consist of and includes as a part of the following documents:

- a. Notice to Bidders
- b. Instructions to Bidders
- c. Purchase Order Form
- d. Purchase Order Specification
- e. Purchase Order Terms and Conditions

Any provision contained in any form or document submitted by Seller are rejected.

Termination for Convenience of Purchaser

Purchaser reserves the right to terminate the Purchase Order, or any part of it, for Purchaser's sole convenience. In the event of such termination, Seller shall immediately stop all work hereunder, and shall immediately cause any and all suppliers and subcontractors to do the same. Seller shall be paid a reasonable termination charge consisting of a percentage of the Purchase Order price reflecting the percentage of the work performed prior to the notice of termination, plus actual direct costs resulting from termination. Seller shall not be paid for any work done after receipt of the notice of termination, nor for any costs incurred by Seller's suppliers or subcontractors which Seller could reasonably have avoided. Seller shall not unreasonably anticipate the requirements of this Purchase Order.

Termination for Cause

Purchaser may also terminate the Purchase Order, or any part of it, for cause in the event of any default by Seller, or if Seller fails to comply with any of the terms and conditions of this Purchase Order. Late deliveries, deliveries of products which are defective or which do not conform to the Purchase Order, and failure to provide Purchaser, upon request, with adequate assurances of future performance shall all be non-exclusive causes allowing Purchaser to terminate the Purchase Order for cause. In the event of termination for cause, Purchaser shall not be liable to Seller for any amount (except for products and/or services already received and accepted by the Purchaser as satisfactory), and Seller shall be liable to Purchaser for any and all damages sustained by reason of the default, which gave rise to the termination. If it should be determined that Purchaser has improperly terminated the Purchase Order for default, such termination shall be deemed a termination for convenience.

Warranty

Seller expressly warrants that all equipment, parts, or materials furnished under the Purchase Order (hereinafter referred to as “goods”) shall conform to all terms, conditions, specifications, and standards contained in the Purchase Order, are new and have never been previously used, and are free from defect in material or workmanship. Seller warrants that all such goods will conform to any statements or representations made to Purchaser, or appearing on the containers or labels or advertisements for such goods and that any goods will be adequately contained, packaged, marked and labeled. Seller warrants that all goods furnished hereunder will be merchantable, and will be safe and appropriate for the purpose for which goods of that kind are normally used. If Seller knows or has reason to know the particular purpose for which Purchaser intends to use the goods, Seller warrants that such goods will be fit for such particular purpose. Seller warrants that goods furnished will conform in all respect to samples. Inspection, test, acceptance or use of the goods furnished hereunder shall not affect the Seller's obligation under this warranty, and such warranties shall survive inspection, test, acceptance and use. Seller's warranty shall run to Purchaser, its successors, and assigns. Seller agrees to replace or correct defects of any goods not conforming to the foregoing warranty promptly, without expense to Purchaser, when notified to such nonconformity by Purchaser, provided Purchaser elects to provide Seller with the opportunity to do so. If Seller fails to correct defects in or replace nonconforming goods promptly, Purchaser, after reasonable notice to Seller, may make such corrections or replace such goods and charge Seller for the cost incurred by Purchaser in doing so. Seller recognizes that Purchaser's production requirements may require immediate repairs or reworking of defective goods, without notice to the Seller. In such event, Seller shall reimburse Purchaser for the costs, delays, or any other damages, which Purchaser has incurred.

Price Warranty

Seller warrants that the prices for the goods sold to Purchaser hereunder are not less favorable than those currently extended to any other customer for the same or similar goods in similar quantities. If Seller reduces its price for such goods during the term of the Purchase Order, Seller agrees to reduce the prices hereof correspondingly. Seller warrants that prices shown on the Purchase Order Form shall be complete, and no additional charges of any type shall be added without Purchaser's written consent. Such additional charges include, but are not limited to, shipping, packaging, labeling, custom duties, taxes, storage, insurance, boxing, and crating.

Force Majeure

Purchaser may delay delivery or acceptance occasioned by causes beyond its control. Seller shall hold such goods at the direction of the Purchaser and shall deliver them when the cause affecting the delay has been removed. Purchaser shall be responsible only for Seller's direct additional costs in holding the goods or delaying the performance of this agreement at Purchaser's request. Seller shall also be excused if delivery is delayed by the occurrence of unforeseen and unforeseeable events, provided Seller notifies Purchaser of such events as soon as they occur, and gives Purchaser its best estimate of revised delivery dates.

Cancellation of Purchase Order by Purchaser

If any delay exceeds 30 days from the original delivery date, Purchaser may cancel the Purchase Order without any liability. If Seller's production is only partially restricted or delayed, Seller shall use its best efforts to accommodate Purchaser's requirements, including giving the Purchase

Order preference and priority over those of other customers which were placed after the Purchase Order.

Patents, Copyrights, and Trade Secrets

Seller agrees upon receipt of notification to promptly assume full responsibility for defense of any claim, demand, suit, or proceeding which may be brought against Purchaser or its directors, officers, agents, consultants, or employees for alleged infringement of any patent, copyright, trade secret, or any other intellectual property right, as well as for any alleged unfair competition resulting from similarity in design, trademark or appearance of goods or services furnished hereunder, and Seller further agrees to indemnify Purchaser, its directors, officers, agents, consultants, and employees against any and all expenses, losses, royalties, profits and damages including court costs and attorney's fees resulting from any such suit or proceeding, including any settlement. Purchaser may be represented by and actively participate through its own counsel in any such suit or proceeding if it so desires, and the costs of such representation shall be paid by Seller. If any good, service, or intellectual property furnished or used under this Purchase Order is adjudged infringing and its use enjoined, Seller shall, at its own expense, secure for Purchaser the right to continue using it, or replace it with a non-infringing equivalent, or modify it so it becomes non-infringing.

Indemnification

Seller agrees to indemnify and hold harmless Purchaser, its directors, officers, agents, consultants, and employees against all suits at law or in equity and from all damages, claims and demands arising out of the death or injury of any person or damage to any property alleged to have resulted from the goods ordered through the Purchase Order, and/or resulting from any act or omission of Seller, its agents, servants, employees and/or subcontractors, and upon the tendering of any suit or claim to seller, to defend the same at seller's expense as to all costs, fees and damages. The foregoing indemnification will apply to the extent that the death, injury, or property damage is caused by the sole or concurrent negligence of Seller and whether Seller or Purchaser defends such suit or claims. To the extent that Seller's agents, servants, employees or subcontractors enter upon premises occupied by or under the control of Purchaser, in the course of the performance of the Purchase Order, Seller shall take all necessary precautions to prevent the occurrence of any injury (including death) to any persons, or of any damage to any property, arising out of acts or omissions of such agents, servants, employees, or subcontractors, and except to the extent that any such damage is due to Purchaser's comparative and direct negligence, and seller shall indemnify, defend and hold Purchaser, its directors, officers, employees, consultants, and agents harmless from any and all costs, losses, expenses, damages, claims, suits, or any liability whatsoever, including attorney's fees arising out of any act or omission of Seller, its agents, servants, employees or subcontractors.

Insurance

Seller shall maintain and require its subcontractors to maintain (1) public liability and property damage insurance including contractual liability (both general and vehicle) in amounts sufficient to cover obligations set forth in paragraph 8 above, and (2) workers' compensation and employer's liability insurance covering all employees engaged in the performance of the Purchase Order for claims arising under applicable workers' compensation and occupation disease acts. Seller shall furnish certificates to the Purchaser evidencing such insurance, which

expressly provides that no expiration, termination or modification will take place without thirty-(30) days prior written notice to Purchaser.

Waste Transportation and Disposal.

Goods, materials, and chemicals supplied hereunder shall be accompanied by a Material Safety Data Sheet (MSDS) if required by applicable federal, state or local law, regulation, rule or ordinance.

Changes

Purchaser shall have the right at any time to make changes in drawings, designs, specifications, materials, packaging, time and place of delivery and method of transportation. If any such changes cause an increase or decrease in the cost, or the time required for the performance, Seller shall send, prior to delivery, a written claim for any adjustment in price due to the change. If a claim for adjustment is not received prior to delivery Seller waives any such claim.

Inspection and Testing

Payment for the goods delivered hereunder shall not constitute acceptance thereof. Purchaser shall have the right to inspect the goods and to reject any or all goods that are in Purchaser's judgment defective or nonconforming. Goods rejected and goods supplied in excess of quantities called for may be returned to Seller at Seller's expense and in addition to Purchaser's other rights. Purchaser may charge Seller all expenses of unpacking, examining, repacking and reshipping of such goods. In the event Purchaser receives goods whose defects or nonconformity is not apparent on examination, Purchaser reserves the right to request replacement, as well as payment of damages. Nothing contained in the Purchase Order shall in any way relieve Seller from the obligation of testing, inspection and quality control.

Shipment

If, in order to comply with Purchaser's required delivery date, it becomes necessary for Seller to ship by a more expensive way than specified in the Purchase Order, any increased transportation costs resulting there from shall be paid for by Seller unless the necessity for such rerouting or expedited handling has been caused by Purchaser. Seller shall bear all risk of loss of all merchandise covered by the Purchase Order until such merchandise has been delivered to the designated location.

Delivery

Time is of the essence for this Purchase Order, and if delivery of items or rendering of services is not completed by the time promised, Purchaser reserves the right without liability in addition to its other rights and remedies to terminate this Purchase Order by notice effective when received by Seller as to items not yet shipped.

Limitation on Purchaser's Liability -- Statute of Limitations

In no event shall Purchaser be liable for any anticipated profits of the Seller or for incidental or consequential damages to the Seller. Purchaser's liability on any claim of any kind for any loss or damage arising out of or in connection with or resulting from the Purchase Order or from the performance or breach thereof shall in no case exceed the price allocable to the goods or unit thereof which gives rise to the claim. Purchaser shall not be liable for penalties of any

description. Any action resulting from any breach on the part of Purchaser as to the goods delivered hereunder must be commenced by the Seller within one year after the date of scheduled delivery.

Waiver

Purchaser's failure to insist on performance of any of the terms or conditions of the Purchase Order or to exercise any right or privilege or Purchaser's waiver of any breach hereunder shall not thereafter waive any other terms, conditions, or privileges, whether of the same or similar type.

Sales Tax

Pursuant to Section 151.309 of the Texas Tax Code, Purchaser is exempt from Texas sales and use tax.

Setoff

Purchaser may deduct or setoff any claims for payment against any amounts due Seller by the Purchaser arising out of this or any other transaction with Seller.

Assignments and Subcontracting

No part of the Purchase Order may be assigned or subcontracted by Seller without the prior written approval of Purchaser.

Purchase Order

The Purchase Order consists of the information listed on the Purchase Order Form, these terms and agreements, the requirements and specifications contained in the Purchase Order Specifications, the Instruction to Bidders (or Suppliers), and the Notice to Bidders (or Suppliers).

Entire Agreement

The Purchase Order constitutes the entire agreement between the Seller and the Purchaser.

Payment for Goods Delivered

All goods meeting the requirements of the Purchase Order and accepted by the Purchaser shall be invoiced by the Seller to the Purchaser no later than the last day of month. The Purchaser shall mail payment to the Seller for all goods meeting the requirements of the Purchase Order and accepted by the Purchaser by the 10th day of the next month. Any invoices received after the last day of the month and before the 10th day of the next month shall be held for payment until the 10th day of the month after the next month.

CHAPTER 49 – TEXAS WATER CODE

SUBCHAPTER I. CONSTRUCTION, EQUIPMENT, MATERIALS, AND MACHINERY CONTRACTS

Sec. 49.271. **CONTRACTS FOR CONSTRUCTION WORK.** (a) Any contract made by the board for construction work shall conform to the provisions of this chapter.

(b) The contract shall contain, incorporate by reference, or have attached to it the specifications, plans, and details for work included in the contract. All work shall be done in accordance with these plans and specifications and any authorized change orders under the supervision of the board or its designee.

Text of subsection as amended by Acts 2007, 80th Leg., R.S., Ch. 452, Sec. 1

(c) The district may adopt minimum criteria for the qualifications of bidders on its construction contracts and for sureties issuing payment and performance bonds. For construction contracts over \$25,000, the district shall require a person who bids to submit a certified or cashier's check on a responsible bank in the state equal to at least two percent of the total amount of the bid, or a bid bond of at least two percent of the total amount of the bid issued by a surety legally authorized to do business in this state, as a good faith deposit to ensure execution of the contract. Notwithstanding any criteria adopted under this subsection, for a contract for more than \$250,000, the district must accept a bid bond in the amount required by the district as a bid deposit if the bid bond meets the other requirements of this subsection. If the successful bidder fails or refuses to enter into a proper contract with the district, or fails or refuses to furnish the payment and performance bonds required by law, the bidder forfeits the deposit. The payment, performance, and bid bonding requirements of this subsection do not apply to a contract for the purchase of equipment, materials, or machinery not otherwise incorporated into a construction project.

Text of subsection as amended by Acts 2007, 80th Leg., R.S., Ch. 33, Sec. 1

(c) The district may adopt minimum criteria for the qualifications of bidders on its construction contracts and for sureties issuing payment and performance bonds. For construction contracts over \$50,000, the district shall require a person who bids to submit a certified or cashier's check on a responsible bank in the state equal to at least two percent of the total amount of the bid, or a bid bond of at least two percent of the total amount of the bid issued by a surety legally authorized to do business in this state, as a good faith deposit to ensure execution of the contract. If the successful bidder fails or refuses to enter into a proper contract with the district, or fails or refuses to furnish the payment and performance bonds required by law, the bidder forfeits the deposit. The payment, performance, and bid bonding requirements of this subsection do not apply to a contract for the purchase of equipment, materials, or machinery not otherwise incorporated into a construction project.

(d) The district may also require attendance by a principal of each prospective bidder at mandatory pre-bid conferences and may make any reasonable additional requirements regarding the taking of bids the district may deem appropriate in order to obtain competitive bids from responsible contractors and to minimize contract disputes.

(e) A district contract for construction work may include economic incentives for early completion of the work or economic disincentives for late completion of the work.

Added by Acts 1995, 74th Leg., ch. 715, Sec. 2, eff. Sept. 1, 1995. Amended by Acts 2001, 77th Leg., ch. 1423, Sec. 16, eff. June 17, 2001; Acts 2003, 78th Leg., ch. 248, Sec. 19, eff. June 18, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 33, Sec. 1, eff. September 1, 2007.

Acts 2007, 80th Leg., R.S., Ch. 452, Sec. 1, eff. June 16, 2007.

Sec. 49.272. **REPORTS FURNISHED TO PROSPECTIVE BIDDERS.** The board shall furnish to any person who desires to bid on construction work, and who makes a request in writing, a copy of the engineer's report or plans and specifications showing the details of the work to be done. The board may charge for each copy of the engineer's report or plans and specifications an amount sufficient to cover the cost of making the copy.

Added by Acts 1995, 74th Leg., ch. 715, Sec. 2, eff. Sept. 1, 1995.

Sec. 49.273. **CONTRACT AWARD.** (a) The board shall contract for construction and repair and renovation of district facilities and for the purchase of equipment, materials, machinery, and all things that constitute or will constitute the plant, works, facilities, or improvements of the district in accordance with this section. The bidding documents, plans, specifications, and other data needed to bid on the project must be available at the time of the first advertisement and the advertisement shall state the location at which these documents may be reviewed.

- (b) A contract may cover all the work to be provided for the district or the various elements of the work may be segregated for the purpose of receiving bids and awarding contracts. A contract may provide that the work will be completed in stages over a period of years.
- (c) A contract may provide for the payment of a total sum that is the completed cost of the work or may be based on bids to cover cost of units of the various elements entering into the work as estimated and approximately specified by the district's engineers, or a contract may be let and awarded in any other form or composite of forms and to any responsible person or persons that, in the board's judgment, will be most advantageous to the district and result in the best and most economical completion of the district's proposed plants, improvements, facilities, works, equipment, and appliances.
- (d) For contracts over \$50,000, the board shall advertise the letting of the contract, including the general conditions, time, and place of opening of sealed bids. The notice shall be published in one or more newspapers circulated in each county in which part of the district is located. If one newspaper meets both of these requirements, publication in such newspaper is sufficient. If there are more than four counties in the district, notice may be published in any newspaper with general circulation in the district. The notice shall be published once a week for two consecutive weeks before the date that the bids are opened, and the first publication shall be not later than the 21st day before the date of the opening of the sealed bids.
- (e) For contracts over \$25,000 but not more than \$50,000, the board shall solicit written competitive bids on uniform written specifications from at least three bidders.
- (f) For contracts of not more than \$25,000, the board is not required to advertise or seek competitive bids.
- (g) The board may not subdivide work to avoid the advertising requirements specified in this section.
- (h) The board may not accept bids that include substituted items unless the substituted items were included in the original bid proposal and all bidders had the opportunity to bid on the substituted items or unless notice is given to all bidders at a mandatory pre-bid conference.
- (i) If changes in plans or specifications are necessary after the performance of the contract is begun, or if it is necessary to decrease or increase the quantity of the work to be performed or of the materials, equipment, or supplies to be furnished, the board may approve change orders making the changes. The aggregate of the change orders may not increase the original contract price by more than 10 percent. Additional change orders may be issued only as a result of unanticipated conditions encountered during construction, repair, or renovation or changes in regulatory criteria or to facilitate project coordination with other political entities.
- (j) The board is not required to advertise or seek competitive bids for the repair of district facilities if the scope or extent of the repair work cannot be readily ascertained or if the nature of the repair work does not readily lend itself to competitive bidding.
- (k) The board may use the reverse auction procedure, as defined by Section 2155.062(d), Government Code, for purchasing.
- (l) The board is not required to advertise or seek competitive bids for security or surveillance systems or components of or additions to district facilities relating to security or surveillance, including systems used for the prevention of terrorist or criminal acts and incidents or acts of war, if the board finds that doing so would compromise the safety and security of district facilities or residents.
- (m) In accordance with this section, the board of a district created by special law may elect to contract for the construction and repair and renovation of district facilities and for the purchase of equipment, materials, machinery, and all things that constitute or will constitute the plant, works, facilities, or improvements of the district, notwithstanding a conflicting provision in the district's special law. For such a district, an election under this subsection must be by resolution of the board and applies only to a contract entered into on or after the effective date of the resolution.

Added by Acts 1995, 74th Leg., ch. 715, Sec. 2, eff. Sept. 1, 1995. Amended by Acts 1997, 75th Leg., ch. 1070, Sec. 19, eff. Sept. 1, 1997; Acts 2001, 77th Leg., ch. 436, Sec. 9, eff. May 28, 2001; Acts 2001, 77th Leg., ch. 1423, Sec. 17, eff. June 17, 2001; Acts 2003, 78th Leg., ch. 248, Sec. 20, eff. June 18, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 33, Sec. 2, eff. September 1, 2007.

Sec. 49.274. EMERGENCY APPROVAL OF DISTRICT PROJECTS. If a district experiences an emergency condition that may create a serious health hazard or unreasonable economic loss to the district that requires immediate corrective action, the district may negotiate limited duration contracts to make the necessary repairs. The district shall submit to the executive director details describing the specific serious health hazard or unreasonable economic loss as soon as practicable following the issuance of the contracts. Whenever possible, the district should obtain prior approval of the executive director before authorizing the contract, but failure to obtain prior approval shall not void the contract. This section does not apply to special water authorities.

added by Acts 1995, 74th Leg., ch. 715, Sec. 2, eff. Sept. 1, 1995.

Sec. 49.275. CONTRACTOR'S BOND. Any person, firm, partnership, or corporation to whom a contract is let must give good and sufficient performance and payment bonds in accordance with Chapter 2253, Government Code, and any minimum criteria for sureties issuing such bonds adopted by a district in accordance with Section 49.271.

Added by Acts 1995, 74th Leg., ch. 715, Sec. 2, eff. Sept. 1, 1995.

Sec. 49.276. PAYMENT FOR CONSTRUCTION WORK. (a) The district shall pay the contract price of construction contracts only as provided in this section.

(b) The district will make progress payments under construction contracts monthly as the work proceeds, or at more frequent intervals as determined by the board or its designee, on estimates approved by the board or its designee.

(c) If requested by the district or district engineer, the contractor shall furnish a breakdown of the total contract price showing the amount included for each principal category of the work, in such detail as requested, to provide a basis for determining progress payments. In the preparation of estimates, the district engineer may authorize material delivered on the site and preparatory work done to be considered if the consideration is specifically authorized by the contract and if the contractor furnishes satisfactory evidence that he has acquired title to the material and that it will be utilized on the work covered by the contract.

(d) In making progress payments, 10 percent of the estimated amount shall be retained until final completion and acceptance of the contract work. However, if the board at any time after 50 percent of the work has been completed finds that satisfactory progress is being made, it may authorize any of the remaining progress payments to be made in full. Also, if the work is substantially complete, the board, if it finds the amount retained to be in excess of the amount adequate for the protection of the district, at its discretion may release to the contractor all or a portion of the excess amount. The district is not obligated to pay interest on amounts retained except as provided herein. The district shall not be obligated to pay any interest on the 10 percent retainage held on the first 50 percent of work completed. If the district holds any retainage on the remaining 50 percent of the work completed, the district shall pay interest on such retainage from the date the retainage is withheld to the date of payment to the contractor. The interest rate to be paid on such retainage shall be the rate of interest paid by the district's depository bank on interest bearing accounts of similar amounts during the period of time interest accrues as provided herein.

(e) On completion and acceptance of each separate project, public work, or other division of the contract, on which the price is stated separately in the contract, payment may be made without retention of a percentage.

Added by Acts 1995, 74th Leg., ch. 715, Sec. 2, eff. Sept. 1, 1995.

Sec. 49.277. INSPECTION OF AND REPORTS ON CONSTRUCTION WORK. (a) The board shall have control of construction work being done for the district under contract to determine whether or not the contract is being fulfilled and shall have the construction work inspected by the district engineer or other designated person.

(b) During the progress of the construction work, the district engineer or other designated person shall submit to the board detailed written reports showing whether or not the contractor is complying with the contract, and when the work is completed the district engineer shall submit to the board a final detailed report including as-built plans of the facilities showing whether or not the contractor has fully complied with the contract.

Added by Acts 1995, 74th Leg., ch. 715, Sec. 2, eff. Sept. 1, 1995.

Sec. 49.278. NONAPPLICABILITY. (a) This subchapter does not apply to:

- (1) equipment, materials, or machinery purchased by the district at an auction that is open to the public;
- (2) contracts for personal or professional services or for a utility service operator;
- (3) contracts made by a district engaged in the distribution and sale of electric energy to the public;

- (4) contracts for services or property for which there is only one source or for which it is otherwise impracticable to obtain competition;
 - (5) high technology procurements;
 - (6) contracts for the purchase of electricity for use by the district; or
 - (7) contracts for services related to compliance with a state or federal construction storm water requirement, including acquisition of permits, construction, repair, and removal of temporary erosion control devices, cleaning of silt and debris from streets and storm sewers, monitoring of construction sites, and preparation and filing of all required reports.
- (b) Sections 252.021(a) and 252.042, Local Government Code, apply to high technology procurements.

Added by Acts 1997, 75th Leg., ch. 1070, Sec. 20, eff. Sept. 1, 1997. Amended by Acts 2001, 77th Leg., ch. 1423, Sec. 18, eff. June 17, 2001; Acts 2003, 78th Leg. ch. 248, Sec. 21, eff. June 18, 2003; Acts 2003, 78th Leg., ch. 1129, Sec. 1, eff. June 20, 2003.

Amended by:

Acts 2005, 79th Leg., Ch. 728, Sec. 22.004, eff. September 1, 2005.

Sec. 49.279. PREVAILING WAGE RATES. In addition to the alternative procedures provided by Section 2258.022, Government Code:

(1) a district located wholly or partially within one or more municipalities or within the extraterritorial jurisdiction of one or more municipalities may determine its prevailing wage rate for public works by adopting the prevailing wage rate of:

(A) one of the municipalities; or

(B) the county in which the district is located or, if the county in which the district is located has not adopted a wage rate, the prevailing wage rate of a county adjacent to the county in which the district is located; and

(2) a district not located wholly or partially within the extraterritorial jurisdiction of a municipality may determine the district's prevailing wage rate by adopting the prevailing wage rate of the county in which the district is located or, if the county in which the district is located has not adopted a wage rate, the wage rate of a county adjacent to the county in which the district is located.

Added by Acts 2001, 77th Leg., ch. 1423, Sec. 19, eff. June 17, 2001.

[Bidder's letterhead]

[Date]

[Name and address]

Dear :

The undersigned party certifies that [name of bidding company] complies with the following criteria:

1. The company nor any of its employees, agents, or officers have not engaged and will not engage in bribery of domestic or foreign officials related to potential or active North American Development Bank projects.
2. The company has a written policy that clearly prohibits the use of any bribery in any activity.
3. The company nor any of its employees, agents, or officers have neither been convicted of (nor found by a civil judgment to have committed) bribery of domestic officials, fraud, embezzlement, theft, forgery, destruction of records, making false statements to government officials, receiving stolen property, or any other offense indicating a lack of business integrity or business honesty, within five years of the date of this certification.
4. Neither the company nor any of its employees, agents, or officers has participated in form of collusion with regard to other bidders or potential bidders regarding the price or other criteria for the bid to which this letter is attached and made a part of.
