## ALCALDE & SMALL TRACT WATER USER'S

*The projection for the beginning of the 2019 irrigation season is June 2019. As a result of low snow pack and a lack of water in the Elephant Butte Reservoir, the small tract irrigation schedule will be mailed out in May with the first irrigation of the season expected in early June.*

*Don't wait until the last minute to clean your ditch and expect to receive irrigation water. If the community ditch is dirty – the turnout will not be unlocked!!  
You need to check the website [www.epcwid1.org](http://www.epcwid1.org) for any updates regarding the 2019 irrigation season.  
Make sure you have an Alcalde !!!*
